

# Shaun KOLLANNUR

## PERSONAL DATA

---

PLACE AND DATE OF BIRTH: Mumbai | 16 November 1996

PHONE: +91 961 9513016

EMAIL: [shaunkollannur@gmail.com](mailto:shaunkollannur@gmail.com)

## PROFILE AND WORK SAMPLES

---

GitHub Profile: <https://github.com/shauniop>

Linkedin Profile: <https://www.linkedin.com/in/shaun-kollannur>

## INTERNSHIP

---

|             |   |
|-------------|---|
| SUMMER 2017 | <b>Android Development Intern at ADONTA MOBILITY SOLUTIONS PVT LTD, Mumbai</b><br>Assisted in development of an external project (FreeTimr and FreeTimr Business). Removed bugs, improved phone support and improved efficiency of the app. I also created a chat room for chat between the potential employer and employee.. |
|-------------|---|

## EDUCATION

---

|         |   |
|---------|---|
| CURRENT | <b>Bachelor of Engineering in COMPUTER ENGINEERING</b><br>CGPI: 7.04, <b>Fr. Conceicao Rodrigues College of Engineering, Mumbai</b> |
|---------|---|

|             |  |
|-------------|--|
| 2012 - 2014 | <b>HSC , Pace Junior Science College, Powai</b><br>PERCENTAGE: : 73.85 |
|-------------|--|

## PROJECTS

---

|          |   |
|----------|---|
| JUL 2017 | <b>TRAIN A SMARTCAB TO DRIVE</b><br>Applied reinforcement learning algorithm to build a simulated vehicle navigation agent. This project involved modeling a complex control problem in terms of limited available inputs, and designing a scheme to automatically learn an optimal driving strategy. |
| JUN 2017 | <b>FINDING DONORS</b><br>Investigated factors that affect the likelihood of charity donations being made based on real census data. Developed a naive classifier to compare testing results.  |
| APR 2017 | <b>CHAT APP</b><br>Project using Java, and XML layout in order to create a chat application with Firebase as the database.  |

## TRAINING & CERTIFICATIONS

---

|          |  |
|----------|--|
| CURRENT  | <b>Machine Learning Engineer Nanodegree Program (Udacity)</b>              |
| MAY 2017 | <b>The Complete Android Developer Course: Beginner To Advanced (Udemy)</b> |
| AUG 2016 | <b>Two-Day Faculty Development Program On R Programming ( TCS )</b>        |

## SKILLSET

---

- Android: Intermediate
- Java: Intermediate
- Python: Beginner

## ACHIEVEMENTS

---

- Reached **Regional finals** of **IIT-Bombay eYantra** Competition (eYIC – **Top 48** in India)
- Created a **Twitter chat companion** app for **FlockOS** during the 24hr Flockathon held on 18-19 February 2017 at Directi Mumbai.

## POSITIONS OF RESPONSIBILITY

---

- Class Representative 2017-2018
- Mentor for e-Yantra Robotics Competition
- Technical Mentor for Team Squad6 for Smart India Hackathon
- Minor research grant from University of Mumbai for Child Tracking Android Application

## INTERESTS AND ACTIVITIES

---

- Mobile Technology, Open-Source, Programming
- Football, Travelling
